Arrival & Welcome

Subtle Ottoman-inspired design elements shape the resort's character, from the grand arched entrance crafted with traditional mineral blends to the elegant tughra that crowns the gateway. These thoughtful touches offer a sense of place and quiet authenticity, creating a welcoming atmosphere that complements the resort's contemporary elegance.

Vaults of Light Inspired by Islamic Mastery

The spectacular domes were a celebrated aspect of Islamic architecture. The use of domes for creating large, well-defined interior spaces identified mosques with rich, hand-painted murals.

The Emperor's Seal, Etched into Our Arrival

From the main entrance and prominently visible at the majestic gate guarding Jumeirah Zabeel Saray, the tughra - a replica of Sultan Süleyman II signature - is a fitting tribute to the glorious reign.

A Crescent Dream Suspended in Radiance
